

SUPPLY CHAIN SECURITY POLICY

The *Top Management* & all *staff* of **GEFSINUS SA**, **IS COMMITTED** to providing Safe, High Quality Products & Services to Customers, with the primary Vision & Purpose of establishing its leadership position in the field of **Mass Catering Services** through the *Supply Chain (Supply Chain)*, by developing & implementing a *Security Management System*, in accordance with the requirements of **Standard ISO 28001**

The Security Management System covers all operations of the **Organization of GEFSINUS SA** in the provision of integrated Mass Catering Services

The objectives of this Supply Chain Security Management System are:

- Consistent safe transportation, storage, handling & distribution of raw materials, packaging materials, semi-finished & finished products
- Mitigation and/or elimination of malicious tampering acts against raw materials, packaging materials, semi-finished products, finished products, goods, the logo, facilities & logistics infrastructure of the Organization
- Provision of an operational framework for an immediate & effective response to criminal or terrorist acts

Considering all the above, the *Top Management* & the *Supply Chain Security Team* of **GEFSINUS SA**:

- Has identified the “assets” of the Organization (personnel, products, services, facilities, information, etc.)
- Has assessed & analyzed the threats & vulnerabilities of the “assets” (who may target them & the level of capability to do so)
- Has committed to, developed & implements appropriate preventive security measures through the Supply Chain Security Programme
- Pursues the continuous improvement of the Programme through the establishment of SMART objectives
- Trains & raise awareness among staff with the aim of their active participation in the Programme
- Provides the necessary resources to address existing and/or emerging risks
- Sets as a primary concern the fulfilment of legal & regulatory requirements

Yours sincerely,
